

IntellaCar Helps New Salesperson Break Record!

Sales Consultant Yaneth had never sold cars before joining Lexington Toyota in Lexington, MA, but IntellaCar's iPad selling system **helped her get up to speed fast.**

In her first month using IntellaCar, Yaneth sold 22 cars, surpassing a 14-year veteran's 18 car total. Among her IntellaCar best practices:

- She taps into IntellaCar to **learn and share vehicle details** with her customers.
- She uses Compare Vehicles to **help customers land on a Toyota vehicle** instead of a competitive make.
- When she has to step away, she **leaves her customers engaged** with IntellaCar.

"IntellaCar helps me sell the car," says Yaneth. **"It supports my sales presentation,** helping me answer questions and access information."
