

## New Features Supercharge Your Sales Team

IntellaCar, the leading iPad sales solution, now makes it even **faster and easier** to sell cars! Exciting new features boost the customer experience, including:

- **Vehicle Center** -Wow customers with expanded vehicle presentation showing VIN-specific information and media, including OEM Brochures and Vehicle Comparisons all in one place.
- **Updated Inventory Section** - Find inventory quickly with new easy search, so you sell what you have in stock.
- **Video Studio** - Create impactful, personalized videos with automatic titles, and easy editing tools; upload to Facebook or email via links to drive traffic and increase response rates.
- **Email Templates** - Save time with professional templates that are preloaded and ready to send, to entice new customers and be-backs into your store.

*"We've increased our sales over 22% using IntellaCar"*

Find out how to put these powerful enhancements to work in your store to differentiate your dealership and drive sales. **Call for a demo today!**
