

Increase Sales When It Matters Most

Every sale matters, but in a flattening market - which experts predict for 2017 - growing volume is more important than ever. After years of steady growth, dealerships need a new strategy to increase sales while improving productivity to maintain profit margins. Instead of slashing prices, create a powerful sales process customers simply can't resist. With Intellicar, your sales team will:

- **Drive Traffic** - Custom video lead responses have proven to increase appointment show rates up to 79%.
- **Deliver a World-Class Customer Experience** - From pre-showroom through delivery and follow up, Intellicar creates an impactful buying experience that gets customers to YES.
- **Crush the Competition** - Enhanced New & Used vehicle presentations and comparison tools land customers on your vehicles, increasing sales by 20% or more.
